****All issues/concerns are subject to the maintained homesite agreement and the deed restrictions for the particular homesite and neighborhood. Summarized as the following: Mowing weekly in growing season (weather permitting or as needed), edging bi-monthly, general cleanup, mulching once per year from December – March (unaltered beds only). Weeding/trimming monthly in growing season from April - September (weather permitting – unaltered beds only). Irrigation – one to two times per week as per the SJRWMD guidelines and Pest Control/fertilizer as per the maintenance schedule. This is a maintenance program, replacement is not included and is the sole responsibility of the homeowner. A full copy of the Maintenance program is available at the Community Services office.***
